Abingdon, Va. 24212
grfeagins@deq.state.va.us

Dear Mr Feagins:

I am writing to find out the current air permitting status of the proposed W & L Construction and Paving "portable" asphalt plant to be relocated near Rural Retreat in Wythe County.

- 1) If indeed this facility is a relocation of an existing permitted plant, per 9 VAC 5-80-1320 A.1.c.(5), has the company given DEQ the 15 days advance notice of the proposed relocation and duration of operation at the new location?
- 2) We understand that W & L has several air permits at several locations, some of those permits are for existing portable asphalt plants. Does DEQ know which permit, thus which portable asphalt plant, the company will be using for the proposed plant in Wythe County?

Since public notice is not a requirement for relocating an asphalt plant, BREDL will periodically be contacting the DEQ office in Abingdon until the above questions are known.

Thank you.

Sincerely,

Mark E. Barker

Mr. Barker:

In reply to your inquiry:

1) I know of no recent 15-day notification for temporary location of a portable source of this type to Wythe County.

2) No one with WL has spoken with me about this issue, so I have no information definitively identifying the prospective unit or unit owner.

Rob.

Dear Ms. Parris:

FREEDOM OF INFORMATION ACT REQUEST

On behalf of the Blue Ridge Environmental Defense League (BREDL), a 501(c)(3) non-profit organization, I am requesting information under the Virginia Freedom Of Information Act, Section 2.1-340.

Pursuant to the Freedom of Information Act, I am requesting the air permit for W & L Construction & Paving, Inc., which contains the portable asphalt plant that was located in Smyth County during 1997 and possibly 1998 along Valley Road in the New Quarry section of Smyth County near Midway (between Saltville and Chilhowie).

An electronic version may be emailed to my address below or a paper version may be mailed to the Roanoke address above.

Thank you for your time and assistance on this matter.

Sincerely,

Mark E. Barker

Sent: Monday, July 07, 2003 1:41 PM
Subject: W-L Construction

Mr. Barker:

Today, when reviewing the file materials for W-L Construction's portable asphalt plant with DEQ registration number 11119, we found a DEQ letter dating to April 18, 2003, in which we acknowledge their request to relocate and did authorize relocation to the Rural Retreat Quarry. W-L's request was dated April 17, 2003. This may be the relocation "event" you have referenced in previous communications with me.

This matter was discovered when we were searching our files for the unspecified W-L permit you requested recently under the Virginia Freedom of Information Act. We are in the process of extracting the permit and our FOIA coordinator will soon contact you about how to transmit this document.

This occurrence emphasizes the importance of the public's ability to identify and access specific records under the Freedom of Information Act, rather than relying on an individual's recollection of general facts. I apologize for any inconvenience or confusion my oversight may have caused.

Abingdon, VA 24212

Dear Ms. Parris:

FREEDOM OF INFORMATION ACT REQUEST **REVISED REQUEST**

On behalf of the Blue Ridge Environmental Defense League (BREDL), a 501(c)(3) non-profit organization, I am requesting information under the Virginia Freedom Of Information Act, Section 2.1-340.

Since the Virginia Department of Environmental Quality discovered crucial correspondence after we sent our original FOIA request of July 7, 2003, BREDL is revising our FOIA request.

Pursuant to the Freedom of Information Act, I am requesting the air permit for W & L Construction & Paving, Inc., which contains the portable asphalt plant that was located in Smyth County during 1997 and possibly 1998 along Valley Road in the New Quarry section of Smyth County near Midway (between Saltville and Chilhowie). This should be the permit with the DEQ registration number 11119. We are also requesting copies of the W & L Construction & Paving, Inc. letter dated April 17, 2003, which requested the relocation of the asphalt plant. We are also requesting a copy of the DEQ response dated April 18, 2003, which acknowledged and authorized the relocation of the asphalt plant to the Rural Retreat Quarry. We also request any correspondence that is in addition to the April 17 and 18 letters, which relates to the relocation of this plant to Wythe County, near Rural Retreat.

Because of the circumstances involved with the discovery of the April letters, we respectfully request this information be emailed or faxed to us as soon as possible. I will be contacting the DEQ FOIA Manager on Tuesday morning, July 8, 2003 to check on this matter.

Sincerely,

Dear Mr. Taylor:

We have your letter of April 17, 2003, in which you propose relocation and operation of a portable drum mix asphalt plant from the Saltville Stone facility to your Rural Retreat Quarry in Wythe County, Virginia. In accordance with the terms of your October 18, 1991 permit, we hereby authorize temporary relocation and operation to the Rural Retreat Quarry.

Operation at a single site is restricted to not more than 18 months. If you intend to operate the unit at its new site for more than eighteen months, you will need to request an extension prior to the end of the first 18-month period. Additionally, major source permitting may be required for a combination of units on contiguous property that emit a total 100 tons per year or more of a regulated criteria air pollutant. If you have any questions, you can call me at (276) 676-4835.

Sincerely,

Re: Relocation of our Drum Mix Plant – Registration Number -11119

Dear Mr. Feagins

This is a letter to inform you that we are planning to move our portable drum mix asphalt plant which is currently located at Saltville Stone, Inc. to our Rural Retreat Quarry in Wythe Co. VA. We are planning to start the move on May 14, 2003 and hope to begin operation of the plant by June 1, 2003.

If you have any questions on this matter feel free to call our office.

Sincerely,
